

Order Code:

FGPLBW – *Plug-in*

With its discrete and attractive design the ***Plug-in*** is recommended for use in domestic and professional environments.

Using a UK 230v mains socket, no batteries are required.

The ***Plug-in*** uses a powerful ultraviolet lamp which attracts flying insects. On the inside of the unit a glueboard is placed on which the insects are trapped. This glueboard is placed out of sight providing discrete control of the flying insect pests.

Useful as a night light.

The ***Plug-in*** is easy to install, easy to service and safe to use.

SAFETY:

The unit is designed for indoor use only.
Do not leave children unattended when in use.

Plug-in / Glueboard m/c.
